Sim Jing Jie- Project Portfolio Page

Overview

This is a student project for university software development course. I am one of the contributors to FridgeFriend project.

Summary of Contributions

Version 1

- In charge of basic features
  - `add`
  - `remove`
  - `list`
  - `search`

- JUnit-Test for `add`, `remove`, `search` and `list`
- Assertion for `add`, `search`
- Pull Request: (#38) (#54) (#56) (#58) (#60) (#73) (#79)

Version 2

- In charge of implementation of quantity parameter
  - `Food` modification
  - `AddCommand` modification
  - `RemoveCommand` modification
  - `Parser` modification
  - `InvalidQuantityException`

- Modify `search` features
- JUnit-Test for `search`
- Pull Request: (#108) (#133)

Version 2.1

- Fixed bugs related to quantity parameter and allow `RunningLowCommand` to be disable

- - `Parser` Modification
  - `Storage` Modification
  - `Fridge` Modification
  - `RunningLowCommand` Modification
  - `InvalidSetLimitQuantityException`

- Fixed bug not returning any message when exit with ctrl + c
  - `Ui` Modification
  - `FridgeFriend` Modification

- JUnit-Test for `Parser`
- Update JavaDoc for `Parser`, `Fridge`, `LoggingHandler`, `Storage`
- Pull Request: (#202) (#213) (#216)

Code contributed: RepoSense Link

Documentation

- User Guide
  - Added documentation for the command **add**
  - Update documentation for the command `add`, `list`, `expiring`, `runninglow`
  - Fixed bugs
  - Pull Request: (#71) (#123) (#213) (#214)

- Developer Guide
  - Added Class Diagram for Command package
  - Added Sequence Diagram for executing `expiring`, `remove`, `runninglow`, `search` and `setlimit` command
  - Added Target User Profile
  - Added Value Proposition
  - Added Glossary
  - Enable github pages theme to display emoji
  - Update Class for `Command`, `Exception` and `Utilities` Diagram
  - Update Sequence Diagram for `expiring`, `remove`, `runninglow`, `search` and `setlimit` command
  - Pull Request: (#117) (#141) (#152) (#213) (#214)

Community

- Review pull requests and maintain group repo
- Reported bugs and suggestions for other teams in the class (1, 2, 3, 4, 5, 6)
